ITEMIZED RESEARCH RESULTS

This is a listing of all documented evidence of Barbary ([?-]) Calor in Loudoun County (or anywhere else as of this date – Nov 2007). One group of records that I've not yet fully examined is the court orders from Loudoun County.

Notes:

Does not appear in wills of 1757-1841.

Does not appear in deed books 1757-1810.

Does not appear in Loudoun militia records which start in 1793.

Personal property tax and land tax lists were collected in the period Mar-Jun of the tax year although some returns were not made until later in the fall. The tax assessment was payable in Nov.

Barbary ([?-?]) Calor of Loudoun County, Virginia

See the individual research reports on each of these family members for more details. Both Jacob and Adam made their first appearance on the personal property tax list in 1795. This, along with the other information suggests they could have been twins.

We can estimate Barbary's birth year from this information. Say Barbary was age 41, at the end of her child-bearing years, with her youngest son Adam (or Jacob and Adam) – that would place her birth after 1735. Further, say she was at least 21 at the birth of her oldest known child Andrew – that would place her birth before 1741. So, Barbary was likely born 1734-1741. She disappeared from Loudoun records by 1807, at age 66-73. It's a reasonable conclusion to say she likely died about 1807. This is approximately coincident with the time (1805-6) that Adam disappeared from Loudoun records and then showed up in Ohio.
